

## Geomorphic labels for the terrains of Earth

Label	Dominant physical processes
Glaciated	Glacial processes
Periglacial	Permafrost & freeze/thaw
Tundra/Steppe	freeze/thaw & lowland processes
Alpine *	Landslide, steep slope & freeze/thaw
Upland (hills, not mtns) **	Slope & creep processes
Fluvial and floodplain **	fluvial and creep
Prairie & lowlands **	creep
Forest (temperate) **	creep
Forest (humid, rain) **	creep
Desert *	Wind & sheetwash
Coastal	waves
Deltaic & Estuarine	fluvial and tides
Karst	(chemical)
Tectonic/volcanic *	Slope processes
Relic	(chemical)
